

OAO 2008 Course Refund Policy: Cancellations from registrants received in writing up to 14 days prior to the course (Sept 5, 2008) are subject to withholding of a \$100.00 administrative fee. All other cancellations will receive no refund.

Course: Biodynamics of Osteopathy – Phase I
September 19, 2008 to September 22,2008 – At Mysthaven

Please mail the registration form and payment as a cheque or a money order payable in **Canadian Funds** to:

Ontario Association of Osteopaths
349 Spring Gate Boulevard, Thornhill, Ontario L4J 3C2

Name: _____

College: _____ Graduate (year) _____ Year of Study _____

Member of OAO (TC-COMPO): Yes _____ No _____

Mailing Address: _____

Phone: _____ Fax: _____ Email: _____

Fees: for course (includes breakfasts, lunches, snacks and daily grounds fees and taxes)

\$1150 for OAO Members for payments received by July 31, 2008

\$1250 for Non-OAO Members for payments received by July 31, 2008

\$1250 for Members of the OAO, payments received after July 31, 2008

\$1350 for Non-OAO Members, payments received after July 31, 2008

Fees: accommodation at Mysthaven (includes overnight, dinner and taxes)

Three people to a room -- \$55 per night -- \$165 for three nights, \$210 four nights

Two people to a room -- \$90 per night -- \$270 for three nights, \$360 four nights

Single room -- \$140 per night --- \$420 for three nights, \$560 four nights

Accommodation for persons not registered for course –(includes all meals, taxes, and grounds fees) . Register each person on a separate application.

three in a room -\$120 : two in a room \$160 : single room \$220

_____ Yes, I will bring a portable table to the course.

Course Fee: _____ Sharing With 1. _____

2. _____

Accommodation Fee: nights X = _____ 3. _____

Please circle nights you wish to stay -- September 18, 19, 20, 21

Total Fee: _____ Cheque _____ Money Order _____

Accommodation cancellations - must be made prior to September 14, 2008

Introducing the Faculty Teacher for the Biodynamics Courses in Toronto

FRANÇOISE DESROSIERS D.O.

University of Montreal, Faculty of Medicine - Readaptation - 1967 bsc 1974 Msc

Osteopathic College of Montreal 5 years program and 2 years for thesis accepted - 1988

University of Montreal - Didactic in Health Sciences - diploma 2000

AMONG CONTINUING EDUCATION IN OSTEOPATHY:

- Direct teaching with Dr V.Fryman, Dr Schooley, Dr Wales and Dr James Jealous since 1992.
- Embryology with the pupils of Dr Blechschmidt in Europe : J.P. Hoppner and Max Girardin "Biokinetic & Biodynamic Embryology - full 5 weeks training

WORKING EXPERIENCE

- General-University hospital
- Rehabilitation Center
- School for Handicap Children
- Private Practice since 1981

TEACHING EXPERIENCE

University of Montreal, Faculty of Medicine - Readaptation

- o Dissection
- o Hydraulic Principles applied to Human Physiology

Osteopathic College of Montreal, Toronto, Germany

Faculty Member for Biodynamic Model in Osteopathy, Dr James Jealous D.O. since 1999 in Europe and Canada

MEMBERSHIP

- o Osteopathic Registry of Quebec
- o American Cranial Academy
- o SCTF -U.S.A. and Belgium

COURSE DESCRIPTIONS

Phase I – An introduction to a biodynamic model of O.C.F. C.N.S. motion and development. Balanced fluid tension.

Phase II – An in-depth perception of fluid dynamics. Therapeutic/diagnostic use of balanced fluid tension around the fulcrum incited by the tidal forces. Rates. CV4-EV4 techniques. Automatic shifting.

Phase III – Dural development up to full adult. Intramembranous shearing. Work with the long tide. The anterior dural girdle and its clinical significance. Tempo and humility.

Phase IV – The midline as a therapeutic force. The reciprocal tension of the potency. The ignition.

Phase V – The embryological development of the face. Evaluation and treatment of the face and cranium through embryological segments.

Phase VI – The facial midline. Fine tuning. Treatment of the extremities using Sutherland's power points. (Dr. Ruby Day's explanation of W.G. Sutherland's use of potency inside bones.)

Phase VII - Finding the Health. Letting go of relationships with Motion. Feeling the physical presence and substance of the perfect form.

Phase VIII - The Void, Love and Healing.

Scheduled offerings are subject to change or cancellation based on enrollment.

BIODYNAMICS OF OSTEOPATHY - PHASE I

Faculty Teacher: Françoise Desrosiers D.O.,

The first phase of the biodynamics Program is being offered to the Toronto region.

This program is mandated by Dr James Jealous D.O., Teaching Director who created this program.

Course Director and Faculty Teacher: Françoise Desrosiers D.O.

By the end of phase I, the osteopath will:

- Acquire an awareness of how to communicate with Primary Respiration.
- Develop the skill to perceive and balance membranous tension, balance fluid tension
- Develop the skill to recognize Metabolic Function
- Develop a Relationship with the Health

DATES: September 19- 22, 2008

Location: Mysthaven Country Retreat & Spa

13231 Kennedy Road, RR #4

Stouffville, ON L4A 7X5

Tel: (905) 888-7888

<http://www.mysthaven.com>

The course is offered through the Ontario Association of Osteopaths.

The Biodynamic courses are for trained osteopaths (thesis presented) and foreign trained osteopaths.

This will be the first in a series of phase courses In Biodynamics that will be presented in the Toronto area. The Eight Phase Courses are outline below.
